MIGHTY GOOD FOR CORN.

"When you get up in the morning from your super-heated couch.
With a brain all hot and addled and a temper full of grouches.
When you wander to your office with a dull and heavy eye.
'Neath a sun that's gayly blazing like a furnace in the sky.
-Oh, it's hot, but don't you mind it, though you're wilted and forlorn;
It's a little tough for mortals, but it's mighty good for corn.

When you stagger home to dinner in a blinding glare of heat
And you smell the burning leather of the shoes beneath your feet;
When your mouth is full of cotton and your collar's on the run
And you take and fry and frizzle like an oyster in the sun.
Don't cuss about the weather and don't moan about and mourn;
It's a little breath of Hades, but it's mighty good for corn.

When you spend the humid evening full of anger and despair,
Chasing round with cots and pillows after cooling breaths of air;
When you're hot and damp and sticky and you think with mortal dread
Of that little hot air oven that surrounds your waiting bed.
You may contemplate resigning from this torrid earth in scorn.
But you're foolish if you do it—this is hell for the corn.

—Council Bluffs Nonpareil.

It would be an excellent idea for our manufacturers to enforce the system in vogue in the East in not employing any one who has not been vaccinated.

The sand storm of the great Sahara Desert were not in it with the dust storm that preceded the rain here last evening about 6 o'clock. It was just awful.

The first Confederate Flag returned to Kentucky under the act of Congress was received this week by Governor Beckham from the War Department. It is the flag of the Sixth Kentucky, one of the Regiments of the famous "Orphan Brigade," and was left on the battlefield at Chickamauga.

Captain C. M. Phister has secured the steamer M. T. Thornton to displace the dinky that has been doing service here in the absence of the Laurance. The Thornton is a sure enough boat. It will be remembered she cut a channel through the ice in December to take coal barges to Ripley. She will begin business today.

The herd of fancy black cattle lately taken to Chicago by Assignee C. M. Lee, Jr., and O. G. Callahan brought a total of \$5,200, which is much less than the cattle cost. While in the Lake City the cattle were also entered at a stock show and carried off about \$200 in premiums, making in all about \$5,400 for the creditors.

The name of the Rev. Dr. E. L. Powell, Pastor of the First Christian Church, has been suggested as Mayor of Louisville on the City Club's ticket. Dr. Powell, in an interview, says he would not accept the nomination, as he would not give up his Church work for the office, but would be willing to serve on a Board in the city administration.

Hon. Henry L. Newell, accompanied by Mr. Robert N. Fryer, wended his way to the placid waters of the Northfork the other day, and for a few hours played the Isaac Walton act. The fluky tribe were particularly wise on this occasion and the catch of the two gentlemen did not fill a barrel. It has been forty years since our old type friend has dangled a hook and line, and fishing is no doubt a lost art with him.

Mr. Floyd A. Ferris of Waxabach, Texas, nephew of Mr. and Mrs. M. W. Coulter of this city, was recently taken by his father to St. Louis and placed in a hospital to be operated on for appendicitis. Shortly following his departure from his Texas home his brother, J. W. Ferris, aged 14 years, was stricken with paralysis. It will be some comfort to their Kentucky friends to learn that the operation performed on Floyd was entirely successful, while the younger brother is improving.

Manager L. M. Mills of the Meyerville Manufacturing Company has the contract for furnishing the inside work of the new \$25,000 Methodist Episcopal Church, South, being built at Cythians. He also has a contract for the furnishings for a handsome dwelling for Albert Shanklin at Helena.

NEW HOUSES.

There has never been a time when the houses of our city were in better demand by renters than they are at the present. In fact, it is almost impossible to find a desirable house that is not now occupied. This state of affairs should certainly encourage some of our citizens who have capital to build some houses this spring. They can be rented at a price that will yield a good percent on the investment.

ANOTHER GUESS

A Well Known Kentucky Writer Has His Dates Slightly Mixed

A well known Kentuckian who writes for the Cincinnati press has recently conveyed to the public the impression that the famous Confederate General, Albert Sidney Johnston, was born in the state of Connecticut and brought by his father to this state in his early youth.

Nothing is more remarkable in this statement than the fact that the gentleman who made it is one of the most accurate and well informed writers for the public press.

If anything is historically true in American history it is that General Albert Sidney Johnston was born and reared in Washington, Mason county, Ky.

This statement is made by Dr. Collins's authoritative history of Kentucky, and if the gentleman who made the mistake requires authority more convincing THE LEDGER refers him to the admirable biography of General Johnston written by his own son, the late William Preston Johnston of New Orleans.

SAD ACCIDENT

Little Frank Short Drowned Yesterday in Backwater

Yesterday about 4 o'clock Frank, the 10 year-old son of Mr. and Mrs. John T. Short of East Third street, was drowned in the backwater in the rear of Mrs. George T. Hunter's residence.

He was paddling about on a frail raft.

He dropped an oar and in his effort to regain it lost his balance and fell into the water.

Although the accident was witnessed by several ladies who live nearby and who gave the alarm, before aid could be rendered he drowned in ten feet of water.

He came up three times before sinking for the last time.

His body was recovered in about forty minutes after the accident a few feet from shore and was tenderly borne to the saddened home only a short distance away.

Frank was an exceedingly bright and manly little fellow, popular with his playmates and a general favorite with all who knew him.

The bereaved parents have the heartfelt sympathy of the community in their great affliction and sad bereavement.

F., who was operated on at a Baltimore Hospital last week. This will be sad news to Mr. Grant's host of friends in this city and throughout Kentucky.

Mr. E. J. Hunter, with headquarters at Lexington, is at Mt. Olivet trying to work up interest in the extension of the Wellsburg and Brooksville Railroad to that place, asking the citizens of Robertson to subscribe \$25,000 to the enterprise and promising work to begin at once.

Our Formal Opening of Paris and New York Hats

On Thursday, Friday, Saturday

In Our New Millinery Saloon, Market Street Annex.

A complete revolution of styles marks the advent of dozens of Paris hats. Not in years, not since the early days of our mothers, have styles taken so sudden a plunge into utterly changed fashions. It is as though we had slumbered since the sixties and awakened now to find ourselves again in the sixties. Hats are simple, fascinating, not much trimmed, not loaded down with much gew-gaws; trimmings are mostly flowers, so real that they seem to have just been gathered. But the CHARM of the hat really lies in the TILT and ANGLE at which it is worn. This tilt gives the woman that sort of "venez-y-voir," fascinating, bewitching air that, whether they confess it or not, the feminine gender likes to have. WE BOUGHT AN ENTIRE LINE OF PARIS HATS, the Real Things, besides many hundred New York models. We also purchased nearly 1,000 beautiful flowers for trimming at less than half price; also, over 300 Baby Caps at a great sacrifice.

EDITOR ALLEN of The Democrat and Editor WILSON of The Log Cabin are expending columns of space, pounds of ink and oodles of gray matter to assure the Cynthians that each paper has the largest circulation. If the controversy continues much longer, the subscribers may take a hand, and then it will be a race for the smallest circulation. The public cares very little for personal or business controversies.

A VALUED friend of mine lives in a many-storied "flat" building in a big city which wasn't born until Maysville was nearly old enough to be its grandmother. The owner of this building does not provide his tenants with any better means of ascending or descending than the time-honored footback system. Here-fore, my good friend has had his mail delivered at his rooms on the empty floor; but along came a ncase from one of the journeymen assistants to the Postmaster General at Washington that said a Letter Carrier would not be required to deliver mail to any one living above the second floor, unless the building was pro-

vided with an elevator. Under latter conditions, the roof is the only limit to the Carrier's ascent. My friend appealed to his local postal officials and was told of the order from Washington; and thinking that an Editor has power to do all things, he now asks me to help him out.

There is much more of reason in this order than in many that issue from persons in brief authority at Washington. While it is true that the Free Delivery was and is intended to place the mail of addressees in their direct possession, when the service was introduced years ago people were not trying to reach Heaven by the skyscraper route. So long as buildings were confined to ordinary limits there was no objection. And then Carriers were supposed to work as long as other people; now, Letter Carriers are actually prohibited from working longer than eight hours a day! Just imagine a Carrier being compelled, four or five times each day, to climb to the top of a twenty-six story building, visiting on each trip two or three hundred of the rooms in that building! How long would it require to make each tour—and do you think even a Japanese jin jitsu expert could stand the physical strain? The line had to be drawn somewhere, and Mr. Bristow drew it at the second floor. Your only relief is in moving into a building with an elevator, or in canoeing your present landlord into putting one in.

Political Pickings

THE REASON WHY.

Louisville Times.

The statement of Judge Hargis that James Cockrill was "a good man and a fearless man," and the statement of a prosecuting witness that Judge Hargis and Edward Callahan "smiled and seemed pleased" when they learned that he had died in Lexington, are readily reconcilable. Mr. Callahan is an Elder in the Church, and Judge Hargis is a consistent member. They would naturally rejoice in the fact that the spirit of a brave and blameless man had been freed.

A Chicago Alderman Oves His Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for afflictions of the throat and lungs," says Hon. John Shenick, 230 South Dearborn street, Chicago. "Two years ago, during a political campaign, I caught cold after being overheated, which irritated my throat, and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the Council." This remedy is for sale by all Druggists.

If it cures, which it will, tell others; that is all we ask. No remedy has ever before been known to cure Constipation permanently. Mull's Grape Tonic is not a physic. It is unlike anything you have ever used. It cures constipation. If it did not this offer would ruin us. The process is gradual but sure. You know from your own experience that physics, like Pills, Salts, Castor Oil, Mineral Waters, Injections, etc., make you worse. Where can Mull's Grape Tonic be had? Your Druggist sells it. Rates and Prices

Let's Be Frank and "Tote Fair" With Everybody

Cincinnati Times-Star.

A frequent assertion in freight rate discussion is that there is an intimate relationship between freight rates and the price of commodities. This does not seem to be based on more substantial fact than the economic heresy of Bryan of a harmonic similarity between the price of wheat and the price of silver.

During the period from 1897 to 1903, covering six years of unprecedented prosperity for the country, the cost of living increased, owing to the rise in prices of commodities, 37.2%. Now, if the theory be true, we should at least find a corresponding increase in the freight rates during that period. On the contrary, the statistics show that there was actually a decrease in freight rates per ton per mile of 4.4%. And it is noteworthy that this was practically the only item entering into the cost of living that did show a decrease in that period. This is illus-

trated by a table of statistics of the relative prices of standard commodities based on the records compiled by Dun's Review and reduced to Dun's Index Number, a universally accepted scientific basis in ascertaining the comparative values of commodities. Here are the figures:

	1897.	1903.	Increase.
Breadstuffs	\$10.887	\$17.473	58.04
Meats	5.529	9.260	33.14
Dairy and garden products	8.714	13.063	50.17
Other foods	7.887	9.186	16.54
Clothing	13.808	17.156	24.14
Metals	11.042	16.544	49.12
Miscellaneous	12.288	16.765	35.44
Average increase	\$2.455	\$9.456	87.24

Free Corn for Seed!

On Monday, April 3d, 1905, Mason County Court Day, I will give to the farmers of Kentucky and Ohio, whose farms are located outside of Maysville, ten ears of seed corn, a part of the corn that was exhibited at the Tobacco Fair February 22d, 1905. In order to get this corn it will be necessary for you to cut this advertisement out and write your name and address in the blank place below arranged for that purpose, bring to my office, No. 215 Court street, any time after 9 o'clock of that day. Those who come first will be sure to be accommodated. This is said to be the finest corn ever exhibited. Don't ask for more than ten ears because you will be refused. This is sufficient to give you a fine start for seed corn next year. Remember, you can get either white or yellow as long as the supply lasts. No conditions are imposed upon you, but every farmer is requested to make preparation for an exhibit of corn, wheat, potatoes and tobacco at the Fair which will be held next February.

There must be a reason for this preference by women who have used EASY TASK. Wouldn't it be worth your while to try and find out? You can make the experiment for 5c. Ask any grocer.

DON'T BE SATISFIED.

Why Be Content With Relief From Backache When a Maysville Woman Shows You the Cure?

Don't be satisfied with relief. Brief freedom from backache. Reach the root of the trouble. Cure the cause, and backache disappears for good.

It can be done. Doan's Kidney Pills make lasting cures. Experiences of Maysville people prove this. Here's one Maysville case of it. Mrs. Lizzie Bridges, wife of Elmer Bridges, of 200 West Third street, Maysville, Ky., says: "In March, 1900, I gave a testimonial praising and recommending Doan's Kidney Pills in the house since. Every spring I take a box whether symptoms of kidney trouble are apparent or not, and in this way keep the kidneys in good condition and guard against attacks of my old trouble."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

There is no use of anyone suffering from that painful ailment when this liniment can be obtained for a small sum.
